One System.
Connected Information.
Better Decisions.

UNDERSTANDING

ERPNext

A complete business management system for modern organisations.

ERPNext is an open-source ERP that connects your entire business on a single platform — from sales to accounting, inventory, manufacturing, projects and human resources.

CRM & Sales
Manage leads, customers and sales.

Purchasing
Manage suppliers and procurement.

Accounting
Simplify finance and compliance.

Stock & Inventory
Track and manage inventory in real-time.

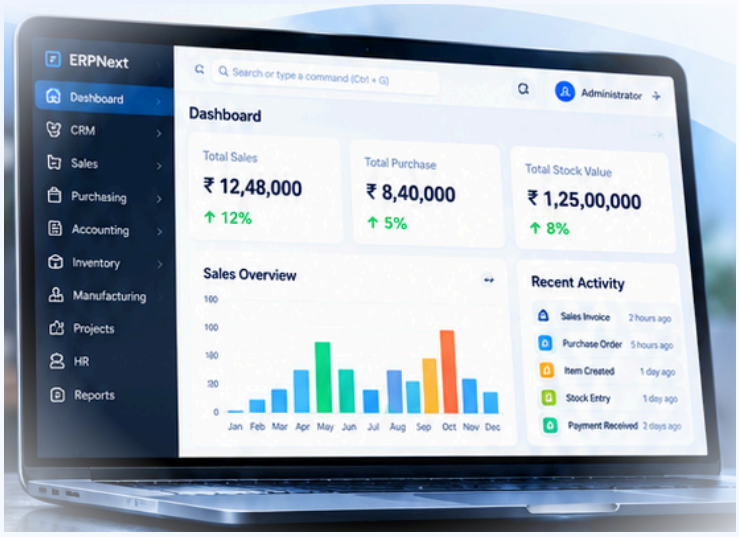

Manufacturing
Plan production and track quality.

Human Resources
Manage employees and attendance.

Projects
Plan, track and deliver projects.

HOW IT WORKS

Customer Enquiry → Sales Order → Delivery → Sales Invoice → Payment

KEY BENEFITS

- Integrated business functions
- Centralised and accurate records
- Configurable workflows
- Real-time reporting
- Reduced manual duplication
- Open-source flexibility

One Platform for Your Entire Business

From startups to large enterprises, ERPNext adapts to your business needs and grows with you.

INDUSTRY-FOCUSED • PRACTICAL • CAREER-READY

INDUSTRY ADOPTION

Trusted by Diverse Organisations

ERPNext is used by businesses across industries to streamline operations, improve efficiency and support growth.
